

Ciara & Darren

22nd Oct 2021

We viewed Newbay late December 2019. It was the first and last venue we viewed and this says it all!. The house has been beautifully and thoughtfully restored and the grounds surrounding it are peaceful all the while only being approx. 5 minutes from Wexford town. It offered everything we wanted: a gorgeous venue and most of all privacy. Having our wedding in Newbay meant that we along with our guests were the only ones present on the grounds during our big day!

Maria went above and beyond for us with no request being too big or too small. She made us feel at ease about the general running of the day and made sure everything went to plan. She liaised directly with some of our suppliers to arrange timing which meant we didn't have to keep going back and forwards between them. It was a great help. We cannot thank Maria enough. She is simply wonderful and is a huge asset to the team in Newbay House.

The rest of the staff deserve a mention also from Chef Paul whose menu was simply delicious, to the serving staff who were all so helpful and pleasant to the barmen who kept our glasses topped up for the day! We cannot express how good our day was in Newbay. If you are considering booking it do not hesitate it will be one of the best decisions that you will make.

Thank you to Maria and all the wonderful staff in Newbay House. It really was the best day of our lives.
