

We would highly recommend Newbay House as a wedding venue.

From the moment we met both Maria and Rebecca, they were so welcoming and made us feel like we were the only couple that they were helping to get married! We viewed Newbay in the middle of the pandemic, but they made the necessary adjustments and had a solution to every problem that Covid brought!

When we had to change the date of our original wedding, we contacted the team and within hours they contacted us with every possible new date available to us and created no hassle for us with rescheduling.

The food was out of this world! I think nearly every guest commented on the amazing food to us afterwards! Every dish felt unique! What we really loved was the fact that so many local ingredients were included and people coming to Wexford for the wedding got a sample of what Wexford had to offer during the meal!

Maria and Rebecca and the whole team were so accommodating and helped us with all the COVID-19 regulations even when we struggled with the ever-changing rules! Nothing was a problem, and they were happy to help with any issue small or large!

When we met with Maria and Rebecca in the run up to the wedding to finalise details, they took on board our special requests for family members and honestly made them feel like family and friends of their own when they met them on the day.

The grounds of Newbay are out of this world and the garden design is phenomenal, you could spend hours wandering around the space! Sitting outside the orchard with our closest family and friends was perfect and made our day even more special. It's also amazing for photos!

We were made feel so special on the day. Maria and Rebecca understood how nervous we both were and how out of our comfort zone we felt, they could not have been kinder!

There was no pressure put on us from anyone on our wedding day and although Maria and Rebecca and the team were there throughout the day helping us with everything, they in no way interrupted or impeded us they kept everything running seamlessly in the background so we could enjoy the day. The team were so accommodating to all our vendors also.

I can't recommend a wedding at Newbay enough, it's a gem in Wexford that is easily accessible for people but feels like you're a million miles away from everything! The team at Newbay made everything so easy for us and I could not recommend them highly enough they made our day so memorable.

Thank you Maria, Rebecca and everyone at Newbay House.
