

The Magic of Newbay...it just captures your heart!

There is the warmest feeling upon entering this wonderful hotel that instils a sense of calm and excitement that you have 'arrived' at a very special place.

On the day of our wedding our guests were blown away by the venue, the food (which was incredible, well done Paul and team), the staff and the excellent service they provide, where everything just falls seamlessly into place.

Having exclusive use of the house and gardens made our wedding day truly magical.

The bridal suite is exquisite.

We had a civil ceremony in the function room, which to us was beautiful & just what we wanted (with the help of Billy Balloos). We just loved it!!

While we enjoyed drinks, music and canapés on the lawn in the sun, the Newbay team did an amazing job on transforming the function room, it was stunning.

Rebecca and Maria are a fantastic duo!! They are 110% invested in you and want you to have the most fabulous day. It's very apparent that they really care and are exceptional at what they do.

They are huge assets to Newbay.

We loved dealing with these two amazing ladies where nothing is too much trouble and cannot thank them enough, and all the staff for ensuring we had the most amazing, magical day which truly exceeded our own expectations.
