

## **Noreen & Dave**

15<sup>th</sup> Oct 2021

We had a change of heart on our original wedding venue so began searching for a new venue during the height of covid restrictions. We contacted Newbay as we loved their photos online and they straight away were so welcoming and offered us a virtual tour of the venue. We had never done a virtual tour of anywhere but Rebecca made us feel like we were right there in person. You know a place is "the one" when you are so impressed by a virtual tour and not having stepped foot in the place we booked a date and it was the best decision we made, getting married here in October 2021.

Maria can only be described as amazing. Nothing was too much and even gave us tips and ideas on what we may like. We were made feel like the most important people in the world any time we visited before the big day and especially on the day.

We cannot put into words how happy we were with our wedding day and the comments from our guests about Newbay and the staff were so complimentary it only reinforced our decision to have our wedding in Newbay. Everything was perfect and the food was amazing. Paul and his team had everything exactly as we had discussed and the food was superb. All of the staff were so friendly and accommodating, We just wish we could relive the day again.
