

From our very first virtual viewing / meeting with Rebecca, to check out with Maria the morning after our wedding, we were blown away by Newbay House and all of the Team.

From start to finish our entire experience was 5 star and more.

Maria took all of the stress away and was on hand to deal with any query big or small with such professionalism and calmness that we never once had to worry.

The venue itself is just stunning – amazing rooms (the Bridal Suite is just out of this world) and function room. The grounds are fabulous and part of what makes this venue so unique. We were able to spend so much more time with our guests on the day as we could fit our photos in around our drinks reception with the House and grounds as a beautiful backdrop.

Paul and his team are unbelievably talented and we cannot speak highly enough about the food. We knew we had made the right choice from day one with Newbay and our menu tasting just reconfirmed it. Paul was such a pleasure to deal with and everything on the day from the canapes to the meal itself and our evening food was just gorgeous. The quality of the food was so fantastic our guests are still talking about it now.

Despite the restrictions our day could not have been more perfect. Both ourselves and our guests were so relaxed and felt so safe and comfortable. The atmosphere was so relaxed and full of fun and laughter. This was down to the wonderful staff and the brilliant service we received and we could not be more grateful to Maria and Dawid and the Team for that.

Maria treated our little boy with such kindness and like the guest of honor making sure he was happy and entertained throughout the day. He keeps telling us he wishes he could have the wedding all over again and to be honest so do we!

We could not recommend Newbay House enough. Thank you for helping us to have the most unforgettable and amazing day!

Orlagh & Patrick
